

# Ohio State Parks on the AIR

Mahoning Valley Amateur Radio Association members know fun when they see it and Ohio State Parks on the Air has been lots of fun for MVARA members for the last 17 years and this year will be no different. Come and join in on the fun this coming Saturday, Sept. 6th as the MVARA puts Lake Milton State Park on the air for this great nationwide operating event, the 18th annual Ohio State Parks on the Air.

We'll be at the Harry Meshel Recreation Area on the east side of the Lake setting up at about 9:30 am and the fun starts at 10 am and runs until 4 pm. Take the Rt. 534 exit off Interstate 76, go south to Mahoning Avenue, turn right on Mahoning Avenue and stay straight on to Milton Avenue and you'll run right into the Harry Meshel Recreation Area. (if you cross the Lake on the bridge, you missed Milton Avenue at the Y)

Join your fellow members for operating fun in this easy-going event. There will be a light lunch but bring a snack or desert to share if you can. If you'd like, bring your radio and antenna. It's a great opportunity to operate from a beautiful State Park that's right in our own back yard. If you can't bring a radio, there will be several there and opportunities to operate. If you are a Tech and want to see what this HF stuff is all about, we will have Extra Class Control Operators there – that means you can operate HF!

Ohio State Parks on the Air with the MVARA at Lake Milton State Park - Come on out and have some fun!
