

MVARA Monthly Meeting September 18, 2025 at 7:00 PM

Members and non members are welcome to join in on the fun at this months meeting at the GOP Headquarters 8381 Market St., Boardman, OH (in Adamas Plaza) and online via Zoom. Come early for dinner at Bruno Brothers (in the plaza) for pizza, drinks, and social time.

Amateur Radio Satellites

For September our meeting program will be looking at Satellite operations. We will be joined by Dave Scannell's cousin Gordon who works with ARISS and also works with the schools to put on ISS events. On a recent MVARA net, the NCS asked what we would like to learn about in Ham Radio and there were a number of mentions of Satellite – so here's an opportunity to learn from an expert.
